Once upon a time there was a  
nerdy flamingo and he lived in a  
castle with a moat around it. One  
day it was his birthday and he  
wanted to see the king's pet fish  
but he couldn't because there was  
a dragon blocking the door so then  
he came up with an idea that

he could distract his. The next day he did his idea and his idea was to eat all of the fish and make a lot of noise. So he sneaked in to the castle and then saw the king's pet but the king caught the flamingo and he grew very mad so he chased him out of his castle.

Then again the flamingo went back the next year except this time he asked the dragon if he could sneak to the king and the answer was yes you may and so this time the king was happy to see the flamingo. So they ate dinner and
