

From the desk of  
Sufian 9/27/17

Dear, Mrs. Booth

Once there was an intelligent dolphin at the beach who explored the ocean. One day he met a tuna named Frenchy. He loved playing with the dolphin. He played tag, hide and seek, and fish under water. One day pirates came. One said "Argh you don't know how we have fun!". Another one said "WE PARTY!". Then they started partying all day. They had more fun. They partyed all night at time.
