

Task 7. Student Performance – Required Subcomponent

Created: 08/17/2015

Last updated: 09/21/2015

For guidance on the Required subcomponent of the Student Performance category, see NYSED APPR Guidance:

<https://www.engageny.org/resource/appr-3012-d>.

Page 1

REQUIRED SUBCOMPONENT

(100% of Student Performance category if only the Required subcomponent is used or at least 50% when used with Optional subcomponent)

(A) For a principal in grades 4-8 ELA, math and/or high school courses with State or Regents assessments (or principals of programs with any of these assessments) who have at least 30% of his/her students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model.

(B) For a principal where less than 30% of his/her students are covered under the State-provided growth measure, such principal shall have a Student Learning Objective (SLO), consistent with the SLO process determined or developed by the Commissioner, that results in a student growth score; provided that, for any principal whose building or program includes courses that end in a State-created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO.

7.1) STATE-PROVIDED MEASURES OF STUDENT GROWTH

For principals with at least 30% of their students covered under a State-provided growth measure, such principal shall have a State-provided growth score based on such model. Please list the grade configurations of the school(s)/program(s) in your district/BOCES where it is expected that 30-100% of a principal's students are taking assessments with a State-provided growth, (e.g., K-5, PK-6, 6-8, 6-12, 9-12, etc.). For principals where less than 30% of their students are covered under a State-provided growth measure, such principals shall have a SLO consistent with a goal setting process determined or developed by the Commissioner that results in a student growth score; provided that for any teacher whose course ends in a State created or administered assessment for which there is no State-provided growth model, such assessment must be used as the underlying assessment for such SLO. (See Guidance for more detail on principals with State-provided measures and SLOs.)

For those principals who would typically receive a State-provided growth score, the district/BOCES must also include a back-up SLO process in the event that there are not enough students, not enough scores, or data issues that prevent a State-provided growth score from being calculated for that principal.

Please list the grade configurations of the schools or principals where State-provided growth measures will apply (please list, e.g., K-5, PK-6, 6-8, 6-12, 7-12, 9-12). For each configuration, also indicate the measure and assessment(s) used for the back-up SLO.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Use the checkboxes to indicate the State assessments or Regents exams used**

Follow the examples below

Grades K-6:

- lowest grade = K
- highest grade = 6

- assessments = NYS Grades 4-6 ELA and Math Assessments (check all)

Grades 7-12:

- lowest grade = 7
- highest grade = 12
- assessments = NYS Grades 7-8 ELA and Math Assessments and All Regents assessments which are used to generate the principal's State-provided growth score (check all)

Grade Configuration #1

	GRADE FROM	GRADE TO
	K	12

Grade Configuration #1 Assessment Name(s)

Responses Selected:

NYS Grade 4 ELA Assessment
NYS Grade 5 ELA Assessment
NYS Grade 6 ELA Assessment
NYS Grade 7 ELA Assessment
NYS Grade 8 ELA Assessment
NYS Grade 4 Math Assessment
NYS Grade 5 Math Assessment
NYS Grade 6 Math Assessment
NYS Grade 7 Math Assessment
NYS Grade 8 Math Assessment
All Regents assessments which are used to generate the principal's State-provided growth score

No Responses Selected

No Responses Selected

7.1) Assurances

Assure that the growth score provided by NYSED will be used, where required.	Checked
Assure that back-up SLOs will be set by the superintendent or another trained administrator for all principals who receive a State-provided growth score in the event that a State-provided growth score cannot be generated for that principal.	Checked

7.2) STUDENT LEARNING OBJECTIVES

SLOs must be used for principals in buildings or programs in which fewer than 30% of students take Grades 4-8 ELA, math, and/or high school

courses with State or Regents assessments. SLOs will be developed using the assessments covering the most students in the school or program and continuing until at least 30% of students in the school or program are covered by SLOs. For guidance on SLOs, see NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>. The district/BOCES must select the type of assessment that will be used with the SLO from the options below.

- If any grade/course in the building has a State-provided growth measure AND the principal must have SLOs because fewer than 30% of students in the building are covered, then the SLOs must begin first with the SGP results.
- Additional SLOs must then be set based on grades/subjects with State assessments for which there is no State-provided growth measure, where applicable.
- If additional SLOs are necessary, principals must begin with the grade(s)/course(s) that have the largest number of students using school-wide student results from one of the following assessment options:
 - State-approved 3rd party assessment; or
 - State-approved district, regional, or BOCES-developed assessment.

For each grade configuration indicate the following:

- **Column 1: lowest grade that corresponds to the building or program**
- **Column 2: highest grade that corresponds to the building or program**
- **Column 3: measure used**
- **Once a measure is selected, a corresponding menu will appear for the selection of the name(s) of the assessment(s) used.**

Follow the example below

Grades K-3:

- lowest grade = K
- highest grade = 3
- measure = State or Regents assessment
- assessment = NYS Grade 3 ELA Assessment and NYS Grade 3 Math Assessment

Grade Configuration #1 Grades and Measure

	GRADE FROM	GRADE TO	MEASURE

No Responses Selected

7.3) HEDI Scoring Bands

Highly Effective			Effective			Developing		Ineffective												
20	19	18	17	16	15	14	13	12	11	10	9	8	7	6	5	4	3	2	1	0
97-100%	93-96%	90-92%	85-89%	80-84%	75-79%	67-74%	60-66%	55-59%	49-54%	44-48%	39-43%	34-38%	29-33%	25-28%	21-24%	17-20%	13-16%	9-12%	5-8%	0-4%

7.4) Principals with More Than One Growth Measure

If educators have more than one State-provided growth score and rating, those scores and ratings will be combined into one score and HEDI rating for the Required Student Performance subcomponent provided by the Department. (Examples: Principals of K-8 schools with growth measures for ELA and math grades 4-8.)

If educators have more than one SLO (or a State-provided growth measure and an SLO), the measures will each earn a score from 0-20 points which districts/BOCES must weight proportionately based on the number of students in each SLO (or in the State-provided growth measure and the SLO). For more information on principals with more than one growth measure, please see NYSED APPR Guidance and NYSED SLO Guidance: <https://www.engageny.org/resource/appr-3012-d>.

7.5) Assurances

Please check all of the boxes below:

Assure that the principal has an SLO or a back-up SLO, where applicable, consistent with the goal setting process developed by the Commissioner that results in a student growth score.	Checked
Assure that all growth targets represent a minimum of one year of expected growth, as determined by the superintendent or another trained administrator. Such targets, as determined by the superintendent or another trained administrator, may only take the following characteristics into account: poverty, students with disabilities, English language learners status and prior academic history.	Checked
Assure that all growth targets are approved by the superintendent or another trained administrator.	Checked
Assure that any disagreement between parties regarding the content of the SLO, including the growth target, will be resolved by the superintendent or another trained administrator.	Checked
Assure that if a principal's SLO is based on a small n size population and the district/BOCES chooses not to use the HEDI scoring bands listed in task 7.3, then the principal's 0-20 score and HEDI rating will be determined using the HEDI scoring bands specified by the Department in APPR Guidance.	Checked
Assure that processes are in place for the superintendent to monitor SLOs.	Checked
Assure that the final Student Performance category rating for each principal will be determined using the weights and growth parameters specified in Subpart 30-3 of the Rules of the Board of Regents.	Checked

7.6) Student Performance Subcomponent Weighting

- If the Optional subcomponent is not used, the Required subcomponent will comprise 100% of the Student Performance category.
- If the Optional subcomponent is used, the Required subcomponent must comprise at least 50% of the Student Performance category.

Please indicate the use of the Optional subcomponent by checking the box below. Information related to the Optional subcomponent will be entered into Task 8.

The Optional subcomponent WILL NOT be used; the Required subcomponent will comprise 100% of the Student Performance category.
